

KS4 Maths	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Y10	Working with numbers and the number system Geometry and Measures Properties of angles and shapes Expressions and Equations Data presentation and analysis	Fractions, Decimals and Percentages Measures and construction Sequences, functions and graphs Data interpretation and analysis	Working with numbers and the number system Mensuration Expressions and Equations Probability	Fractions, Decimals and Percentage Geometry & Measures Vectors Sequences, functions and graphs Data presentation and analysis	Ratio and proportion Properties of angles and shapes Expressions and Equations Data cycle	Working with numbers and the number system Measures and constructions Sequences, functions and graphs Probability
Y11	Fractions, Decimals and Percentage Mensuration Expressions and Equations Data presentation and analysis	Working with numbers and the number system Properties of angles and shapes Sequences, functions and graphs Data cycle	Fractions, Decimals, Percentages, Ratio and Proportion. Geometrical reasoning and calculation Expressions and Equations Probability	<u>EXAM PREPARATION</u> Revision of Number Revision of Algebra Revision of Geometry and Measures Revision of Statistics	<u>EXAM PREPARATION</u> Revision of Number Revision of Algebra Revision of Geometry and Measures Revision of Statistics	<u>EXAM PREPARATION</u> Revision of Number Revision of Algebra Revision of Geometry and Measures Revision of Statistics
