

Admissions Offer

Here at SPRS we have a total of 40 places made up of preventative placements and permanent exclusion places.

Preventative Placements

This means that schools can refer a pupil who is at the edge of permanent exclusion. This is agreed through the Local Inclusion Panel who meet every 4 weeks. Pupils who are placed here with us are supported through a bespoke programme of study which usually includes time here with us and time with their mainstream school.

The plan is always for them to return either to their 'home' school or to an alternate education provision to meet their needs.

We work closely with the 'home' school and communicate with them regularly regarding the needs of the pupil.

Permanent Exclusion

This means a pupil has been excluded from their mainstream school and are placed with us for a period of assessment until an alternative placement can be provided.

These pupils are always directed to us from the Local Authority.

If a Year 11 pupil is permanently excluded the likelihood of them remaining with us here at SPRS is high. During this time, they will have the opportunity to complete GCSE study in core subjects of English, maths and science and sit the exams here with us.

If your child is referred to SPRS parents will be contacted by the Headteacher or Assistant Head to arrange an appointment to come in to the school and have an admissions meeting. There will then be a period of time over the forthcoming days that will be allocated to completing baseline assessments. This is to assist us here at SPRS to assess the needs of the individual pupil, identify any gaps in learning due to periods of absence and for us to be able to differentiate work as required.

SPRS do not take referrals from parents and all enquiries should initially be made with the mainstream school.
